Senate Orders Probe Of Rail Strike; Thousands Of Railroad Workers Join The Idle Insurgent Forces

WASHINGTON, April 9.—An investigation of the unauthorized strike of switchmen and other railroad employees was ordered today by the senate.

CHICAGO, April 9.—Continued spread of the insurgent strike of switchmen and engineers on railroads throughout the country was indicated by reports today showing that more than 20,000 men had joined the walkout.

Light thousand insurgents were out in the Chicago district, where the strike had its inception nine days ago, and reports from a score of cities from coast to coast, in which walkouts have occurred, predicted additions to the strikers' ranks during the day.

Railroad Brotherhood officials, who have denounced the new "ramp" unions and appealed to loyal union men to assist in breaking the strikes, declared, however, the walkout in the Chicago district had reached its maximum, would be broken within 48 hours, and strikes in other parts of the country then would end.

The spread of "strike fever" to other cities, they insisted, was only an indication the strike was running its natural course.

Leaders of the Brotherhoods announced there had been an improvement in the Chicago district and that the men were slowly returning to work. They asserted that freight traffic was 50 percent normal.

On the other hand, leaders of the rivaling yard men's union declared the strike was growing and that the men would continue to remain out of the yards, leaving railroads from Chicago to the Brotherhood of Railroad Trainmen threatening expulsion unless contracts were rejected.

One thousand Brotherhood men from other cities had answered the call for strike breakers here, officials said.

Between 40,000 and 50,000 packing, team and stock yards workers had

Many industrial plants reported thousands of employees would be thrown out of work if the freight tie-up continued another week.

In the St. Louis district, including East St. Louis and Madison, Ill., freight traffic was reported virtually at a standstill with yard men of 27 roads on strike.

All railroads in Kansas City, Mo., operating under contracts with the Brotherhood of Railway Trainmen were affected and the strike had spread to Kansas City, Kan., and Louisville, an industrial suburb.

Points throughout the southeast reported embargoes had been placed on freight and cattle shipments to St. Louis, Kansas City and Chicago, and freight traffic between New Orleans and Chicago on all lines was suspended.

Mail centers throughout California for the freight restrictions and eastward along the transcontinental lines, several terminals reported strikes.

Starting at Los Angeles, where approximately 1,400 yard men walked out yesterday, the strike spread to yards in San Francisco and Oakland and other California cities. The Southern Pacific estimated that 1,800 men were on strike on lines in its coast division.

Chicago, April 9.—Voluntary instead of compulsory universal military training as proposed by the army reorganization bill was adopted today by the senate. The vote was 16 to 2.

As adopted the plan, which the war department is directed to put in force during the calendar year 1921, provides that all men between the ages of 18 and 28 would be eligible for four months training in any one year they might select.

WASHINGTON, April 9.—After receiving an appeal from W. H. Lee, president of the Brotherhood of Railway Trainmen, Representative Cooper, republican, Ohio, today took up with the department of justice the question of whether the provisions of present laws could be made operative in the case of the unauthorized strike of trainmen and other railroad employees.

Mr. Cooper is a member of the trainmen's brotherhood. The telegram to him from Mr. Lee, president of the railway trainmen follows:

"Illegal strike of switchmen spreading all over country regardless of efforts of officers of brotherhood and switchmen's union, only bona fide organizations entitled to represent yard men."

"It seems strange that present laws against strikes of railway employees can be threatened or used only against bona fide labor organizations that have supported government at all times and made good their contracts with railroads. Must we understand that such laws do not apply to recalcitrant organizations or those inciting illegal strikes?"

WASHINGTON, April 9.—Two years before the United States joined the allies in the world war, the navy general board prepared a comprehensive plan for war against a potential power of Europe, Rear Admiral F. L. Fletcher today told the senate investigating committee. He was replying to Rear Admiral Sims' charge that when the United States entered the war the navy department had no "well considered" plans or policies for fighting Germany.

Many such plans had been made in the past, Admiral Fletcher said, but the plan referred to covered every phase of naval operations under the assumed conditions of war. It dealt with the mobilization, organization and composition of the fleet, its disposition and employment, protection of the coast, bases of supply on the United States coast and in the West Indies, bases across the Atlantic and the strategy of the fleet and possible courses of action, he said, and comprised nearly 500 typewritten pages.

Advocates Sabotage

CHICAGO, April 9.—One switchman was shot and several charged at meetings of the striking railroad men last night, police learned today. John Krutz, a striker, who proposed that the men return to work, was shot, it was reported. He was spirited away in an automobile by friends.

Trouble broke out at two meetings of the newly formed Chicago Railroadmen's association when members suggested a return to the ranks of the established brotherhoods.

Sabotage was advocated by one of the speakers, E. C. Esly, a C. V. A. organizer, who participated in the Gary steel strike and several labor disturbances here.

"They call me a rebel," Esly told the strikers, "I'm proud to be a rebel. In 1910 I had charge of a railroad strike in Minneapolis and St. Paul. The men all went out and stayed out. I went down to the L. W. W. headquarters and got some help. Then one day four passenger trains were wrecked. The next day seven freight trains were wrecked. Then we sent word to the railroads that if they did not come across we would tear down the round house. They did not answer. We did. The round house was torn down."

"Then the railroads begged for mercy and asked to meet us. We told them to come to us. There was a meeting. The union drew up a contract and the railroad refused it. The next day we blew up a bridge. That night an ice jam formed in the river and tore down the rest of the bridge so they don't know to this day who did the job. But we won the strike."

I did thirty days in jail for blocking the mails. I got off light because I told the judge I did not know the law. But of course I knew it then as well as I do now."

The judge sentenced Howat and three associates under indictments to jail until such time as they will notify before the Kansas court of industrial relations. Howat and the other officials will be taken to jail at Great immediately.

Howat was found guilty of contempt for refusing to obey an order of Judge Curran issued Tuesday that he appear with four other district officers of the United Mine Workers of America, and testify in the investigation of the coal-mining industry now being conducted by the Kansas court of industrial relations here.

COLUMBUS, O., April 9.—What Governor Cox's attitude may be toward calling a special session of the state legislature to change the election laws so municipalities may be handled the alleged vote-protesting situation could not be learned today. The governor is in Mahoning where he went to attend the wedding of Governor Killroy's daughter and is not expected at the executive office until next Monday.

The committee of city editors, headed by W. S. McConaughy, of Dayton, who conferred with Attorney General Fiske yesterday, reported to the governor that little or nothing could be done by cities to handle the present situation until the senate election law is changed. The law now provides only three days' notice being given a board before election proceedings may be started.

The committee favored changing this state statute and then having cities proceed with the election locally. It also passed that a full selection of the public men is the creation of more honest and far-sighted some action on the part of the state that would encourage home building.

WASHINGTON, April 9.—President Wilson is understood to have decided upon the proposal of the railroad labor board and White House officials say the conference probably will be held today to the senate.

The president spent more than an hour on the south porch of the White House, Rear Admiral Fiske yesterday, said Mr. Wilson had not had time for automobile ride recently because of the press of public affairs.

16,000,000 men wear overalls in the United States.

And of these 16,000,000 men, more wear Blue Buckles than any other kind of overall.

They all want overalls that wear well and fit easy—overalls that do not rip or bind.

Just this sort of wear and comfort comes with every pair of Blue Buckles. They're made with the toughest, longest-wearing denim—and lots of it—with big double-stitched, rip-proof seams—with heavy brass riveted buttons, and loops and buckles that won't come off. They are big and roomy, with extra wide suspenders, big, convenient, reinforced pockets, and a solid back band that holds the shape and prevents ripping. Ask for Blue Buckles the next time you buy overalls.

He lost two large sums of money in addition to all of his stock, which was not insured. He recovered \$100 from his cash drawer and three barrels of oil were saved. It had been his custom for years to keep large sums of money at various places in his store.

divorce suit of H. C. Smith, 2311 Eighth street, against Ella Steele in Common Pleas court today and continued the case for further evidence.

They were married 11 years ago and charged with divorce. The defendant resides in West Virginia. Attorneys Blair and Blair for Steele.

Defendant Wins Suit. Judge Thomas today sustained the defendant's demurrer to the evidence in the case of William H. Geary against George P. Enrick and gave judgment for the defendant. The case was submitted to the court several days ago and taken under advisement. Geary sued on a claim for money by alleged was due him as a commission on the sale of real estate for the defendant, which the latter denied. Attorneys Blair & Blair for Enrick and Attorneys Miller & Scott for plaintiff.

Failure to Provide Charge Fails. It required a jury in common pleas court less than thirty minutes yesterday afternoon to return a verdict of acquittal in the case of Thomas E. Lecher, steelworker, of a charge of failure to provide for his 20 months old child.

The defendant's wife, Opal Lecher, Navajo, from whom he is separated, was the prosecuting witness in the case.

Testifying in his own behalf, Lecher declared his wife abandoned him for another man and asserted that he supported her and the child all the time they lived together. The jury by its verdict evidently believed his story.

The parties have had several battles in court in recent months over possession of the child and the court took occasion after the verdict had been returned to warn both parents that the child must be cared for or it would be placed in the Children's home.

Both left the courtroom vowing they would seek relief through an action for divorce.

Attorney Edgar G. Miller represented Lecher, with Prosecutor Sheppard appearing for the state.

Returns Ring; Discharged. The charge of larceny, upon which Herbert Walker, young Ashland, Ky., negro was arrested and returned here, was dismissed by Judge Small in Municipal court yesterday, when the accused made restitution of the alleged stolen property, a diamond ring, and paid the costs of the case.

After hearing the evidence, the court decided that the defendant was not guilty of more than a breach of trust, having obtained possession of the ring from his former sweetheart, Mrs. Hazel Miller, colored, of this city, by her consent.

Other cases disposed of yesterday by Judge Small were those of John McDaniel, Long Run farmer, charged with non-support of the two illegitimate children of Mary Houston, unmarried New Boston woman, and Edward Latella, 2100 Walnut street, charged in a complaint made by Alfred Lloyd with the theft of lumber valued at \$15. McDaniel was sent to the grand jury on his own recognizance and Latella was ordered to pay the costs of prosecution.

"My appetite is so good since I have been taking Volatonic that my husband remarked about it the other night," said Mrs. Elva Hilgert, of 1788 Tremont avenue, Cincinnati, Ohio.

"For over a year before I started taking Volatonic my system had been in a general run-down condition. My appetite was so poor that I hardly ate anything at all, and, of course, my nerves were out of order, also, and I couldn't sleep right at night, or get proper rest. My system got run-down all over and didn't have a lot of the energy. In fact, I felt so bad I just had to make myself do the housework."

"Volatonic was so highly recommended to me that I started taking it and it was only a short time until I began to feel better."

"I feel like a new person now. My appetite has increased wonderfully and I eat big hearty meals now, and never have any bad after effects at all. I sleep soundly every night also, and get good rest and then get up the next morning feeling refreshed."

"I know Volatonic is a good medicine because it has made me feel like a new person and I am glad to tell all my friends about it."

Fear on the part of a French soldier that the crowd intended to rush the patrol in the street led to the tragedy.

"This man, it is declared, put a belt of cartridges into the gun for the purpose of firing one shot to disperse the

crowd. The explosion of the gun, however, caused the soldier in charge of it to lose his head and the whole belt was fired. It was explained by the officer that every care had been taken to prevent a repetition of the "accident."

Inspection of the 24 machine guns brought in Frankfort by French troops has been made and it is said none of them was found defective or to show a tendency to fire upon the insertion of the cartridge belt. All of them were used during the war. Accounts of the incident have stated the safety catch of a gun was defective and that it began to fire automatically as soon as the belt was placed in position. Twenty of those who were hit during the incident were only slightly wounded and were able to walk to their homes.

Two new French proclamations appeared here today, one denying yesterday's rumor that the troops would be withdrawn and the other forbidding the people to fear and agitate against the troops and instructing the citizens to obey all French military orders.

Blame for Wednesday's tragedy is placed on the German students by the French, who declare they tried to stop the people. The ban on the publication of the newspapers was removed today and several printed editions. Papers will not be subject to censorship.

BITTER PILLS FOR FRANCE
PARIS, April 9.—Great Britain's attitude relative to the advance of

French troops into German territory east of the Rhine, as defined in press dispatches from London, is viewed by newspapers here as a bitter pill for France, and it is considered the action of Belgium supporting the policy of France hardly compensates for it.

"L'Echo de Paris," the political editor of the Echo de Paris, writes an unusually savage article attacking Premier Lloyd George, whom he calls a "demagogue." He says in conclusion:

"Mr. Lloyd George never has forgiven the policy adopted by France since January of being independent within the empire. He has killed his time and he thinks it is now time to bring the chief of the Downing street cabinet back to an interpretation of the Anglo-French alliance from which he should have never departed. Such an evolution was to be expected of him. He has taken up and dropped every doctrine, and could the entire coalition escape under this rule? The English people will know how to force him to make an exception in this case."

St. Denis of the Journal, with other foreign specialists, is more impartial and blames all of the allies of France in more measured terms. He incidentally declares:

"It is shown that false reports were spread by some American newspaper correspondents in Germany and one of these, the rumor that President Wilson had sent an ultimatum to France, provoked the Frankfort incident."

son had sent an ultimatum to France, provoked the Frankfort incident."

U. S. NOT OPPOSED TO MOVE OF GERMAN TROOPS

WASHINGTON, April 9.—America's attitude towards any adjustment of the new situation created by the entry of French troops into the Ruhr district of Germany, will continue to be more of an observer than an interested participant, from what can be learned in official circles here. It is known the state department was in communication with London and Italy as well as France up to the time the French army moved forward from the Mayence bridgehead, and there has been no indication here of any change in the position taken more than a week ago when the state department announced this government knew no reason why German troops should not be sent into the troubled district if it were clearly understood they would be withdrawn once order was restored.

While recognizing the seriousness of the situation created by the independent action of France, officials here were not inclined to regard it as "delicate" as the British foreign office indicated last night. It was regarded as one of those situations full of potential danger but in which the probabilities of adjustment was predominant.

All reports have indicated Germany's unwillingness to contest the force of French arms, and it was pointed out there is no reason to assume France will not adhere to her promises that her forces will be withdrawn once the German troops have fallen back to the eastern boundary of the neutral zone.

Rail Strikes

(Continued from Page One)

and encephalon, G. A. Worrell, general chairman of the railway clerks' organization of the Chicago and Northwestern system, said today.

Railway clerks, telegraphers, signal men, maintenance of way employees and stationary firemen and oilers, the groups involved, will present demands to every railroad in the United States within a week. Worrell said. Wage increases of 20 cents an hour and reduction of 15 days of grace granted for compliance of the companies, he said.

"The men are at the end of the rope," said Worrell. "President Wilson promised to increase the wages in six months the cost of living was not materially reduced. The living costs are just as high, if not higher. We cannot live on our present wages."

Northeast Caught in Backwash
NEW YORK, April 9.—The northeastern section of the United States was caught today in the backwash of the wave of unauthorized railroad strikes emanating from Chicago.

Although there had been ripples of trouble in Buffalo, Syracuse, Binghamton and other towns in New York state in the last few days, the strikes decimated upon New Jersey railroad terminals near this city yesterday without the slightest warning. Thousands of commuters homeward bound were caught in the rush, as switchmen

in the Jersey City yards quit and walk-outs occurred in rapid succession on the lines of the Erie, Pennsylvania, Lackawanna and West Shore railroads. Sporadic walkouts also occurred in the yards of the Lehigh Valley and Central New Jersey railroads but the men on these lines later returned to their posts.

During the morning some switchmen and other employees quit in the freight yards of the New York Central Lines at 33rd and 72nd streets in this city.

While more than 20,000 men were said to be involved in this vicinity alone, railroad officials professed to be optimistic and declared freight and train service would be maintained. Officials of the Erie road in Jersey City doctored overalls and helped expel the movement of milk trains.

Complete Tie-Up in Toledo

TOLEDO, O., April 9.—Nearly 4,000 men were idle this morning because of the unauthorized strike of switchmen, according to officials of the brotherhoods involved in the walkout. This includes employees of every one of the 23 railroads entering the city and takes in switchmen, enginemen and firemen.

The number of idle was augmented this morning when the third shift of

Woman of Four-Score And Six Years Tells How Truena Rejuvenated Her

Steubenville, O., April 8.—Truena certainly acted like a fountain of youth to Mrs. Mary Travis, an esteemed and venerable Steubenville woman of 102 North Eighth street. Despite her fourscore and six years she is today doing her own housework and is able to sew and quilt with accuracy seldom seen in one who has seen so many milestones of time. In an interesting manner Mrs. Travis tells the secret of her present good health as follows:

"I want to praise Truena to every one," is the significant answer. Mrs. Travis gives to those who inquire as to the cause of her remarkable improvement so suddenly.

"For the past two years I've suffered from catarrh of the right ear," she said when interviewed a few days ago, and pains in the back of my head were so severe that I could hardly stand them. There was a buzzing in my ear which hurt and annoyed me all of the time. I suffered excruciating pains in my back, and was subject to spells of dizziness at times. I couldn't sleep well at nights. My rest was invariably broken and unsatisfactory by considerable dreaming. In fact I felt sick all over."

"People that should have known, told me that it was old age that was causing all my troubles, and that there was nothing that would help me. But, despite all of this my ailments have been greatly relieved by Truena, a wonderful medicine which can be obtained so easily. I don't suffer half as much now, and by virtue of its own reward Truena is rightfully called 'The Perfect Tonic.' It has done me more good than any other preparation I've ever taken and I want everyone to know what good it has done for me."

Truena is now being introduced and explained in Portsmouth at Wurster Bros. Drug Store.—Adv.

workmen failed to report. They had decided to join the strike as a mass meeting last night in labor temple that lasted until midnight.

Toledo's fuel problem loomed serious today as the result of the strike. The Toledo Railways and Light Company, which operates the power plant and traction lines has a four days' supply of coal, and if the strike continues beyond that time the plant will be forced to close, officials said. One of the railroads affected, the Toledo, St. Louis and Western, is under the jurisdiction of the United States district court, through a receiver appointed four years ago. It was believed in some circles that Judge Killis might seek action tending to end the stop on the line.

A meeting of strikers has been called for tomorrow morning.

WATER MAIN FLOODS HOUSES

CLEVELAND, O., April 9.—A two-story brick garage was wrecked and a score of houses flooded and water entered this morning in the east end section by the breaking of a large water main. The drainage was estimated at \$100,000.

"Step Lively" At The Sun

"Step Lively" was presented last night at the Sun theatre and as a musical entertainment it was all that the press agent promised in fact.

The musical part of the show was especially pleasing and included some of the latest popular songs. Also featured were "Danzonella" and "When My Baby Smiles At Me" and received much applause. Her voice is mellow and musical and her manner very pleasing. "Step Lively" will be repeated Friday and Saturday.

Wheeling Miner's Rheumatism Gone; Can Now Work Without Pain And Sleeps Like A Log. One Bottle Of Reese Formula R-11 Did It

Ulysses Kent, Route No. 1, Box 2-A, Wheeling, Graphically Describes His Condition And The Results Obtained From Reese Formula R-11

"I had rheumatism so bad and my limbs were swollen so that I could not sleep, work was a torture to me," says Mr. Kent in a statement, "I was in this condition for a long time and tried a number of remedies without the slightest relief. The testimonial of Mrs. E. T. Blair in the Wheeling papers impressed me so that I determined to try a bottle of Reese Formula R-11.

"I purchased a bottle of Reese Formula R-11 from the Heger-Drugs Drug Store although I had very little confidence in its ability to accomplish very much in my case. I had no idea one bottle would even effect me, and strange as it may seem after taking the first bottle of Formula R-11 the swelling and pain in my limbs have entirely left me. I can now do my work as a miner with ease, something I have not been able to do for over two years and what is more I even go home and work in the garden afterwards. Sleep—why I sleep like a log—Says Mr. Kent I feel great! The Reese Formula is all and more than you claim for it. I have purchased my second bottle and intend to always keep it in my house in the future."

Thousands of people in Portsmouth, Ohio and surrounding towns have been given relief the same as Mr. Kent. If you suffer from your stomach, liver or kidneys, there is health and happiness awaiting you if you will only go to your druggist or Fisher & Streich pharmacy, Portsmouth, W. O. Tripp & Co., Scitoville, McCurdy, Wheelersburg, and get a bottle of The Reese Formula R-11. Because you have tried other remedies without success—don't mean anything—you haven't tried the Reese Formula R-11 for it you had you wouldn't be a sufferer from stomach, liver or kidneys.

BETTER MERCHANDISE **HORCHOW'S** BETTER SERVICE

LIVING ROOM SUITES Of Beauty and Quality

are always the vogue, and never so much as in the Spring season when the home is being refurnished and brightened. Your living room deserves the best—your hours of leisure are spent there, so it must be comfortable; your guests are received there, so it must be beautiful; and, finally, in order that the money you pay may be safely invested and not simply spent, beauty and comfort must be combined with quality of the best that guarantees long years of faithful service. Never before has such a variety of living room furniture combining all of these qualities been displayed in the city. There are suites in cane and mahogany, beautifully upholstered in tapestries and in velours of the finest; there are overstuffed suites in a wide variety of tapestries; there are beautiful suites in overstuffed velours; and there is one overstuffed suite in a marvelous mohair that will alone repay a visit of inspection. One of the new vogues is to furnish the living room in red—we should like to show you in what exquisite taste that, too, can be done. Our knowledge and experience in furnishing harmonious, beautiful and comfortable living rooms is at your service.

The New York eating public is doing some wonderful eating. The real reason men declare that it is doing so is because the food is so good. But how much? That is the question. The last time they announced a reduction in schools they cut a nickel here and there off the price of meats. But in a few weeks they had kicked up the price of vegetables to make up for it. Even in the cheap restaurants, too, where one waits on hisself, it is not possible to get a lunch for less than 60 cents. The prices of the different things are 25 cents and the table d'hôte is \$2 where they formerly charged 50 cents—with all the red and white wine the patron wished thrown in.

A frail little New York girl went into a 5 and 10 cent store the other afternoon to look at the counters. She suddenly felt a stinging pain in her back. Her dress and coat had been slashed by a "back, the slasher." There was a cry and a chase. A well-dressed man was captured. He protested that he had been joined in the chase and was mistaken for the culprit. He showed his business card and a card that he was an executive in a large bank. He was, nevertheless, he was taken to headquarters and it was discovered that before he had been arrested on the same charge. But powerful influences kept him out of prison. He was permitted to go. He still retained his position. He is now under observation in Bellevue.

The Hudson Speedster automobile of Joseph Loviner, of this city, was stolen yesterday at Columbus according to word received last night by Raymond Loviner, brother of the owner of the automobile car.

Was he inclined to smile at the alarm manifested by the Cincinnati Times-Star at the fact that Hiram Johnson ran away with the Michigan Republican primary? His declaration that while Johnson cannot be nominated for president, he may receive such encouragement from his vote in Michigan and other states as will lead him to adopt a rule or ruin policy at the Chicago convention and wreck the Republican party as Roosevelt did a few years ago if he is not nominated. Nor does Johnson's victory seem so mysterious to us. The truth is that Hiram Johnson is a big, bald, swashbuckling politician, radical in mind and policy. He is not a coward, nor yet is he a trimmer. He believes what he believes, and he believes it in tones that the whole world can hear, nay, must learn whether it will or not. And in the days of woe and unrest it so happens that the American people are inclined to give ear to a man who stands out before all the world ready to be commuted, no matter whether he stands or falls. In Michigan contest Johnson was the only contender on either side who stood out for something and who shouted from the housetops for all to stop, look and Listen! Michigan voters said to themselves, evidently, "Well, here is a man who stands for something anywhere and with that they voted for Johnson.

That, it seems to us, is the explanation of the Michigan suit. It does not forecast the nomination of Johnson at Chicago, but we believe it will make a lot of other Republican leaders aspirants for the presidential nomination, be a bit more pronounced in expressing their views and opinions on the questions that fret the people at large.

The same holds true in the democratic race. Hoover's leanings toward the Michigan primary, even after his declaration that he was a Republican, shows an independence of thought on the part of democratic voters that is most interesting. It also shows the extent to which Hoover has captivated the fancy of the people.

We believe it will become more and more plain as the re-union dates draw near that the voters of this country, regardless of party, want leaders who stand for something, and that pussyfooting politicians and favorite sons, with nothing but popularity and machine politics to bolster their candidacies, will be left at the post, as they say in racing parlance.

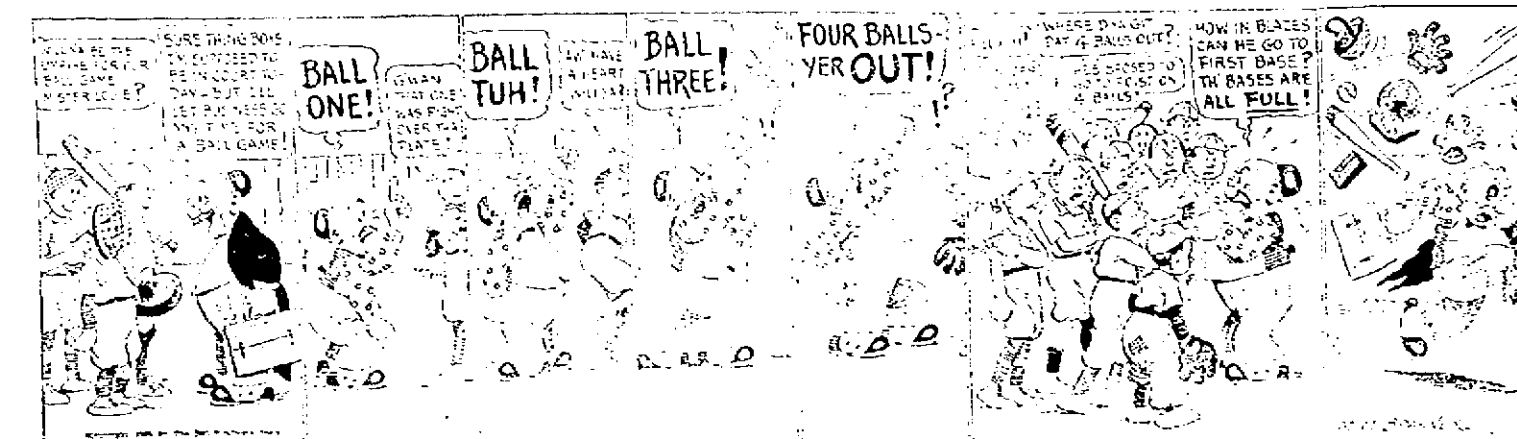

SQUIRE J. P. JACKSON, one of the best known citizens of Adams county, was in Portland from Peebles, Thursday, for a brief visit. Mr. Jackson says that Adams county voters are deeply interested in the candidacy of Dr. G. F. Thomas of Peebles, delegate to the democratic national convention at San Francisco, and he believes that Dr. Thomas will go to Adams with a handsome majority at the primary. Word from counties in the district indicate a strong trend towards Thomas, and his friends believe he will be an easy winner in the county, which there are three candidates for the two positions.

Locally there has not been much interest in the delegate contest to date as no Socialist candidate is entered. However, Thomas has hundreds of friends here and will receive a some vote on April 27th. Dr. Thomas is a brother of Judge de Thomas, of this city, and this fact, aside from his qualifications, commands him strongly to Democrats here.

Salvation Army Boosters To Hold Rally Tonight

One of the most important meetings in connection with the Salvation Army in Portsmouth, will be held in the Chamber of Commerce Rooms, this evening at 7:30.

Brigadier David E. Dunham, of Cincinnati, who is well known to the citizens of Portsmouth, will be present and address the meeting, relative to the great work the Salvation Army is doing, both as a religious force and as a relief agency.

In detail he will outline the plans for the carrying of this campaign, and present them for the consideration of the citizens of Portsmouth.

Brigadier Dunham is a forceful speaker and the present needs of the Army here are such as demand immediate attention. Nothing would be a better work for Portsmouth than to take care of the Salvation Army now in the big way that she is capable of doing.

All citizens who are interested in the betterment of the Salvation Army should attend this meeting to learn last September funds were raised for the Salvation Army here and a committee consisting of Henry H. Winter, William C. Hazellbeck, Edward T. Reed, Earl T. Purcell, John A. Hutchins, Roger A. Seely and John P. Williams was named to have charge of the disbursing of the funds. This committee will meet with the citizens tonight when some definite action will be taken on what is to be done with the money now on hand on what is to be done relative to raising additional funds.

Next Monday will be the opening of the City of Clean-Up, Drink-up and Fix-up campaign for Portsmouth and this campaign for a brighter, cleaner and more althly Portsmouth will continue indefinitely.

This year the general clean-up is in the hands of the women of the city. With the women of the Chamber of Commerce leading the attack on the accumulated rubbish and trash which generally gathers in the back of the table and the yard during the winter

Everything should be cleaned up in this campaign at the start so when a tour of inspection is made at the end of the first week they will be able to see some marked headway in the campaign.

All loyal citizens are called upon to do their share. As the city is short of funds to help in hauling away all the trash and rubbish, citizens are asked to do all the hauling away they can themselves. Neighbors should combine in order to have a man haul

from one place, the neighborhood being one general dumping place. The piles could be carried out to a big van.

The women are working hard the few days to perfect their plans for a clean-up and in a few weeks they expect to see a big improvement in conditions.

Alleys are not to be overlooked in this clean-up campaign. Each citizen should clean the alley back of their premises. The women urge that place be overlooked in this campaign.

This evening at 7:30 o'clock in the auditorium of Bigelow church, there will be presented, a pageant that is sure to bring the stamp of approval from all who witness its presentation. The pageant is one of the smaller ones presented in Columbus during the meeting of the Federary there several years ago. It is called "The Mass Movement." It has been presented in a number of cities and has always won the most favorable comment. Three people from Columbus, missionaries who are well acquainted with India facts, and who took part in the original pageant in Columbus will be here to direct the pageant. The young men and women from this church and Sunday school. The actors will have with them, the costumes which are so necessary to the success of such a program in order to be presented this evening. The pageant is being given to raise money for the Federary movement. There will be no admission charged and no collections taken.
